

2017 RECLASSIFICATIONS

The entire foundation of reclassification is the honor system; meaning teams are expected to follow their assigned starting classification with minimal oversight. However, a small percentage of teams will try to manipulate the rules by changing their team name or manager name, adding players beyond the scope of the rules or just be unethical. It takes a cooperative effort by the State Office and **ALL** teams to supervise classifications / reclassifications. If you see a team on USSSA.com that's classification doesn't match this report, or has pulled the team name / team manager switch-a-roo, or is not following the "spirit of the rules", email the State Office. Together, we all can make a positive impact in the development of all participants.

Trophy Hunting and Sandbagging shall not be tolerated in USSSA Baseball. Prevention of both acts is a TOP PRIORITY! It is the responsibility of EVERY team to monitor all other teams in their classification and report any possible violators to the State Office. Emails may be sent anonymously to ga.baseball@usssa.com. The State Office NEVER shares anonymous email information with anyone outside staff.

Classification Basics

One of the many responsibilities of the State Office is the enforcement of USSSA Rules with regards to classification and reclassification of teams (i.e.; leveling the playing field) and annually this remains our most difficult task. Additionally, year after year, the single largest misconception still persists that teams choose their classification. To facilitate the continued success of the USSSA multi-tiered classification system, teams must play at their "Performance Level", not their "Convenience Level". A team's classification **IS NOT** determined by the team manager, or by the team's geographical location or community size, or by what World Series the team wants to attend. Simply stated, a team's **STARTING** classification is determined by the team's ability and performance on the field within a classification the previous season with allowances for roster composition changes.

Classification Notes

A. USSSA Rule 3.01.E "Drop Down Player":

Rule 3.01.E has been removed and replaced with the much favorable previous rules used. After four years of monitoring the drop down player situation, it has been determined that Rule 3.01.E placed an excessive burden on teams and in some instances, made players ineligible for a local team or a team all the players classmates played on. Reverting back to the previous rules allows the State Office to adjudge these situations on a case by case basis taking into account all the particular facts of the given situation.

B. Junior Divisions (4U – 8U):

The 4U – 7U teams all play within one (1) classification per age division. The 8U teams all start in one (1) classification (Triple-A) and on April 10, 2017, will be split into two (2) classifications (Triple-A & Double-A) by performance on the field.

Note: Any 8U team not playing USSSA by April 9, 2017, is still required to start in Triple-A and prove their ability on the field **PRIOR** to being reclassified to Double-A.

C. Youth Divisions (9U – 14U):

The statistical data used in the classification / reclassification process is based on a team's nucleus remaining intact. Obviously team rosters will change somewhat from year to year requiring the need for the following additional guidelines to also apply:

1. A team with six (6) or more players from the same frozen 2016 roster or a combination of six (6) or more players from the same frozen 2016 classification or End of Year classification / reclassification regardless of previous or current team names, manager names, or sponsor names must **START** the 2017 season at the highest classification or End of Year classification / reclassification assigned to any of the 2016 team names.
2. Because all statistics are relative, the following “Rule of Thumb” shall also apply with an acceptable variance of +/- 10% in any given age division and / or classification:
 - The Major classification shall consist of the top 10% - 15% of teams in the state.
 - The Triple-A classification should consist of the next 40% - 45% of teams in the state.
 - The Double-A classification should consist of the next 40% - 45% of teams in the state.
3. In age divisions 11U – 13U, on April 10, 2017, Double-A will be split into (2) classifications (Single-A & Double-A) by performance on the field.

Note: Any 11U – 13U team not playing USSSA by April 9, 2017, is still required to start in Double-A and prove their ability on the field **PRIOR** to being reclassified to Single-A.

D. USSSA Rule 2.05:

The State Office shall adopt an acceptable method to classify teams within the state. The State Office shall have sole authority to classify teams within the state and the authority to classify and / or re-classify any team within the state at **ANY TIME** during the current season, except when a team classification has been assigned by the USSSA Baseball National Committee.

Classification Appeals:

Teams that oppose their assigned 2017 starting classification have the right to file an appeal with the State Office. All appeals **MUST** be sent to the State Office via email (ga.baseball@ussa.com) by the Team Manager of Record in the USSSA.com system **ONLY**.

1. **TEAMS APPEALING TO BE MOVED UP:** Teams requesting to be moved up to a higher classification may do so by following the above email procedures for an immediate modification.
2. **TEAMS APPEALING TO BE MOVED DOWN WITH FEWER THAN SIX RETURNING PLAYERS:** Teams with fewer than six returning players from the same frozen 2016 roster should contact the State Office for a **ROSTER REVIEW** to determine their proper 2017 starting classification.

NOTE: Do not contact the State Office until the team's roster is online and complete. If the roster review warrants a drop in classification, the team roster **WILL** be locked and all roster additions and deletions for the remainder of the season must be performed by the State Office.

3. **TEAMS APPEALING TO BE MOVED DOWN WITH SIX OR MORE PLAYERS FROM THE SAME FROZEN 2016 ROSTER OR A COMBINATION OF SIX (6) OR MORE PLAYERS FROM THE SAME FROZEN 2016 CLASSIFICATION OR END OF YEAR CLASSIFICATION / RECLASSIFICATION REGARDLESS OF PREVIOUS OR CURRENT TEAM NAMES, MANAGER NAMES, OR SPONSORS NAMES:** Teams requesting to be moved down to a lower classification may **ONLY** do so **AFTER** having competed in a minimum of **SIX** games against teams **IN THEIR NEW CLASSIFICATION**.
 - Games must be played in the state of Georgia in Georgia USSSA Baseball sanctioned events.
 - Games must be played against opposing team in their new classification with online rosters.
 - Games played outside the authority of Georgia USSSA Baseball (in another state or another organization) **ABSOLUTELY** will not be assessed.

NOTE: Until the above “minimum of **SIX** games against teams in their new classification” requirement is met, **NO** appeal will be considered or adjudged.

Reclassification Report:

The Reclassification Report is formatted from the 2016 season age divisions and classifications. To research a specific team, look for the team's 2016 age division, classification and team name.

Only teams that have been reclassified UP or DOWN are listed in this report. Teams NOT LISTED are assigned a lateral move in the same classification to the next older age division.

THE 2017 7U (COACH / KID PITCH) DIVISION HAS ONE (1) CLASSIFICATION; AAA.

REMEMBER...

It takes a cooperative effort by the State Office and **ALL** teams to supervise classifications / reclassifications.

If you see a team on USSSA.com that's classification doesn't match this report, send an anonymous email to ga.baseball@usssa.com. The State Office **NEVER** shares anonymous email information with anyone outside State Office Staff.

If you see a team on USSSA.com that's pulled the team name / team manager switch-a-roo, send an anonymous email to ga.baseball@usssa.com. The State Office **NEVER** shares anonymous email information with anyone outside State Office Staff.

If you see a team on USSSA.com that's not following the "spirit of the rules", send an anonymous email to ga.baseball@usssa.com. The State Office **NEVER** shares anonymous email information with anyone outside State Office Staff.

Together, we all can make a positive impact in the development of **ALL** participants!!!
